Armistice Day Will Be Observed in Appropriate Program Two Days

Church Service Will Be Attended Sunday; Breakfast Monday Morning

Business will be practically suspended Monday in Canyon for the annual Armistice Day celebration. November 11 falls on Sunday, but the holiday will be observed on Monday.

Schools will not close for the day.

The Palo Duro Post will hold its annual breakfast for all veterans, their wives and children. This will be at 8 o'clock at the Legion Hall.

No other celebration is scheduled by the Post for Monday.

Armistice Day will be observed Sunday by the post when all veterans are asked to meet at the Legion Hall at 10:45 o'clock and march to the Presbyterian Church where Armistice Day services will be conducted by Rev. Robert Jones, Post Chaplain.

John A. Gillis is Post Commander of the Palo Duro Post, and Glenn Truax is adjutant.

Three Sons of Mr. and Mrs. Paul Artho in Pacific

Mr. and Mrs. Paul Artho of this community have three sons in the Pacific.

S-Sgt. Elroy R. Artho, who has been recently promoted from sergeant, has been overseas two years and is with the American Division. He has seen action on Guadalcanal, Bougainville, on Leyte and Cebu. At present Elroy is in Yokohama and is keeping a light plant in working condition.

Pfc. Harvey P., who is with the First Marine Division is now on Tientsin, China. Harvey writes that this Division hit China on Oct. 1 and at present are sleeping in a machine shop, no windows and no stoves and says the weather is getting cold over there. He says that it is awfully hard to keep money straight there. "A fellow can have a sack full of bills and still not have more than a few cents." Pfc. Artho has seen action on Okinawa and has been overseas for one year.

Pvt. Leo V. is with the Red Arrow on Honshu Island near a little town of Yamashita. He has been overseas since August.

Free Offer Is Made of Bugbee Shamrock Art

The illustrations by Harold Bugbee, famous Southwestern cowboy artist, which have appeared in a series of four advertisements for The Shamrock Oil and Gas Corporation in this paper are being offered free to anyone upon request. Reproductions are being made on fine paper, size 10x13 inches, suitable for framing or mounting.

This group of four includes sketches of antelope, mustangs, and a trail herd scene which appeared in previous advertisements and one of a club boy with his white-faced calf which appears in an ad in this issue.

Artist Bugbee, whose home is at Clarendon, has attained national fame as an illustrator and painter and is especially noted for his true portrayal of western animal life.

Everyone is eligible for a set of these pictures which are sent postpaid. Only requests received while the limited supply lasts can be honored. Send a postcard or letter with full mailing address to: THE SHAMROCK, P. O. Box 631, Amarillo, Texas.

West Texas Ex Killed in Tractor Accident Saturday

Herschel Singleton was killed in a tractor accident north of Canadian last Saturday. He was dead when found.

He leaves a wife, the former Willa Rose, and 2 children. Both Mr. and Mrs. Singleton are graduates of W. T. He has just recently been discharged from overseas service.

He was buried at Graham, his former home town. His wife will return to Booker to make her home with her parents.

BROTHERTON SONS VISIT

Lt. (jg) Henry F. Brotherton from Tokyo visited last week in the parental H. A. Brotherton home. Lt. Brotherton has served 2 tours overseas, this time since in March.

Robert B. Brotherton, S 2-c, who has served the past 4 months overseas on the Omaha is also spending a leave with his parents.

Olin Huff, who is on leave from the Marine Corps, is visiting at the home of his parents in Lockney. His wife is recovering from a recent operation and will return to California with him.

L. L. Hix Was Badly Injured In Auto Wreck

Louis L. Hix, deputy sheriff, suffered a compound fracture of his left leg, a broken collar bone and serious cuts and bruises when his car overturned 8½ miles south of Amarillo Saturday night. Carl Mahle, a passenger, was cut and bruised.

Both men were taken to St. Anthony's Hospital. Condition of Deputy Hix is reported to be favorable. Mr. Mahle was dismissed from the hospital after treatment.

Mr. Hix told state highway patrolmen he failed to make a turn and his car overturned several times. He said the car had been worked on last week and he was testing it out. The car was practically demolished.

Northern Chinese Not Communists States Speaker

Dr. C. A. Pierle quoted authorities on China at the Canyon Rotary luncheon Tuesday that the northern troops of that nation are not Communists, as charged by the southern forces. Dr. Pierle was a teacher in China for many years and is well acquainted with conditions in the nation.

The war in the east is an outgrowth of the Japanese-Russian war which was settled in 1904 by Teddy Roosevelt. Japan started her program of expansion. Manchuria is the most valuable part of China, with resources which the Japs needed. After taking this territory in 1911 the Japs have continued their policy of expansion. When World War I started, the Japs declared war on Germany for the purpose of taking valuable territory.

The northern troops have done more to harass the Japs than those in the south. The United States and England have helped the southern troops and have been fearful that Russia was aiding the northern, or so-called Communists. From all indications, Dr. Pierle is led to believe that the southern station is more Fascist than the northern.

President Roosevelt denied the protest that we were not getting supplies to the southern leaders by pointing out the vast tonnage that had been flown over the hump. "Who's war is this?" asked the speaker. And declared that "We ought to go slowly," in our aid to the Chinese troops.

Visitors were: E. Kancher, Forrest Barnes, Arch Hunsley, John McKnight, Bob Clements, Leroy White, Fred Carr, Fred L. Brien, all of Amarillo; Chas. L. Joiner, Bill Sternberg, of Canyon; Roger Shook of Omaha.

Miss Truax Is In Bohemian Girl Cast in Amarillo

Special to the Canyon News—Denton, Texas.—Miss Arline Truax, daughter of Mr. and Mrs. G. A. Truax of Canyon, and a student at North Texas State College, is a member of the cast of the opera "The Bohemian Girl" which will make a tour of eight Texas cities beginning November 2.

Featuring a singing cast of six soloists, 23 vocalists in the chorus ensemble, and 23 instrumentalists in the orchestra, the North Texas State School of Music will present the production under the sponsorship of organizations in eight cities following the initial performance at the college this Friday night at 8:15 o'clock.

Produced and directed by Miss Mary McCormie, former opera star in France and Italy, and conducted by Dr. Wilfred Bain, head of the School of Music, the opera will be given in San Angelo, Camp Bowie, Big Spring, Lubbock, Amarillo, Vernon, A. and M. College, Corpus Christi and Longview.

Miss Truax, member of the orchestra ensemble, is a junior music student at NTSC.

BOYCE SONS VISITING

Mr. and Mrs. E. I. Boyce, Jr., of Richmond, Va., are visiting in the parental E. I. Boyce home. Mr. Boyce has recently returned from service in the European Theater and has received his discharge from the Army.

Royce E. Boyce, S 1-c, who is stationed at Treasure Island, is on leave and is visiting in the parental E. I. Boyce home.

Major Vincent Lockhart left Friday for Alpine, where he will visit with his brother, Capt. Bill Lockhart, recently returned from the Pacific. From there he will visit his wife and baby who report to Ft. Ord, California where the Major is to be stationed.

Faculty Men To Resume Posts After War Service

At least three members of the college faculty are expected to return soon after Christmas.

Major C. W. Freed has returned from Europe where he was with the Army of Occupation. He will resume his work as head of the Speech Department after his discharge. He is visiting his family in Detroit, Michigan.

Sgt. Lloyd Smith has been discharged, after teaching in the American University in Paris. He is visiting his home in Missouri. Dr. Smith is expected to return to continue his work here.

Major Al Baggett writes that he will be home before Christmas and will resume his work as head of the Department of Physical Education. Major Baggett has been in charge of the physical education program of the Army in Italy. He recently talked to his wife in Amarillo from Rome.

Donors Boost Chapel Fund

Financial support of the West Texas State College chapel building fund has come recently from many sources, including a war veteran, a coed, and the Canyon Lions Club.

The combat veteran voluntarily handed President J. A. Hill a check for \$200. This was part of his overseas pay. The chapel project appealed to him as a good thing.

A coed who last summer earned a good wage by operating a farm tractor gave Dr. Hill a check for \$75.

Canyon Lions contributed \$411 at a luncheon meeting, in addition to other donations previously given by members.

One-third Goal Reached
Of a goal of \$50,000, cash and pledges in hand now total more than \$17,000, Dr. Hill said.

The chapel to be built on the college campus, will be used for lectures, religious services, musical recitals, weddings, quiet meditation, and as a conference center for Panhandle pastors and student members of their congregations. The chapel program will not conflict with services of Canyon churches.

Add Library
A library of religious literature will be an added feature of the chapel.

Voluntary contributions are being received by Dr. Hill nearly every day, from many states. Most of them are small, but several have been of \$1,000. Inquiries about the project are being received from the presidents of many other colleges.

Ardis Patman Has Received M. A. In Mexico City

Ardis Patman, son of Mr. and Mrs. Wm. Patman of Clarendon, received his Master of Arts in Spanish in the National University of Mexico City recently.

The examining board for the oral examination granted him honorable mention for the thesis and the comprehensive examination. Only five persons have received this honor during the past 25 years.

Mr. Patman is a graduate of West Texas State and has been a member of the faculty of foreign languages, and English. At the present time he is on a two-year leave of absence. He plans to start work on his Doctor's degree at once.

Major Neblett On Way Home Is Report Saturday

Mrs. R. A. Neblett received a cablegram Saturday from her husband, Major Neblett, that he would leave for home soon. He was in Japan with the Medical Corps of the Army. A subsequent letter indicated that he was coming by ship.

Major Neblett will receive his discharge upon arrival in America and expects to return to Canyon to resume his medical practice.

Miss Barrett Has Word That Brother Died in Jap Hospital

Miss Margaret Barrett received authentic word Monday that her brother had died in a Jap hospital. He was a medical officer and was taken prisoner when the Philippines fell.

It was reported to his family that Dr. Barrett became seriously ill in a Jap prison camp early in the year and was transferred to the hospital for treatment where he died. Overwork and lack of medical facilities were listed as the cause of his death.

Scout Troops in New Meet Place

Second Story of Samuelson Building Is Leased by the Rotary Club for Troops

The Scout troops of Randall county now have a meeting place to call their own.

The Rotary Club has leased the second floor of the Samuelson building where all Scout troops may have their meeting place.

The building has been placed in charge of Levi Cole, of the Youth Service Committee of the club. He will set up a schedule for meetings for all of the Scout troops, and give the use of the hall to these groups as seems advisable. Other youth organizations may lease the building at times when it is not in use by the Scouts.

Members of the Rotary Club assessed themselves 75 cents per month each in order to pay the rent.

A committee composed of Clarence Thompson, Charles Duvall, Levi Cole and Stuart Condon worked out the plan and submitted it to the Rotary Club Tuesday.

Legion Meeting Attended by 40 Monday Night

Forty ex-service men attended the monthly meeting of the Palo Duro Post Monday night at the Legion Hall.

The Post will continue its practice of sending packages at Christmas for the "Yanks Who Gave." The Post sent 84 such packages last year.

Waydon Pain told of his experiences in the 45th Division. Dr. H. A. Brown called upon ex-service men to join in fighting the enemies within the nation.

Bordon Price, bombardier on the B-29 told of his experiences in being shot down by the Japs and rescued by a submarine.

MARRIAGE LICENSE

Rodolfo Preciada to Martha Macies, Nov. 5.

LaVell J. Bates to Danna Jean Roth, Nov. 5.

James O. Harmon to Jean Tarlton, Nov. 5.

Sherman Higdon of San Angelo was here Tuesday on business. He was recently discharged from the Army Air Corps and hopes to soon return to Canyon.

Mr. and Mrs. Easton Allen and Miss Hazel Allen are visiting at the home of their father, L. G. Allen. They live at Oakland, Calif.

Discharged

Although details are brief on the file of discharges, a complete list of those on file is brought up to date this week.

Thomas Theodore Byne, Mo. M. M. 1-c, U. S. N. was discharged at San Pedro, Calif., October 24 after having spent 1 year in the European, African and Middle Eastern Area and 6 months in the Pacific.

Sgt. Benny Railing, Army Air Corps, was discharged at Roswell, N. M., Oct. 15. He had been in the Service 3 years and 2 days. He participated in the Normandy, Northern France, Rhineland and Western European Campaigns. He is the wearer of the Distinguished Flying Cross, the Air Medal with 3 Oak Leaf Clusters and other awards.

Sgt. Leroy Wooten was discharged at Ft. Leonard Wood, Mo., Nov. 1, after 2 years and 11 months with Co. L, 28th Infantry. He served in Europe 13 months and is the wearer of the Purple Heart and other medals.

Sgt. Roy J. Stevens served 3 years with the Army Air Corps and was with Sq. U 123 A. A. F. Base Unit at the time of his discharge on Oct. 11, at Seymour Johnson Field, N. C. He participated in the Po Valley, Central Europe and Air Combat of Balkans as a flight maintenance gunner.

Murray Dwayne Ford, A. M. M. 2-c, V-2, U. S. N. R. had served over 3 years. His overseas experience has been in the Asiatic-Pacific Theater.

T-4 Alton B. Lockett, discharged at Ft. Sam Houston, Nov. 3, had spent 2 years, 9 months and 13 days with Co. C 612th Tank Destroyers.

T-5 Jim Upfold had spent nearly 4 years with the 423rd Armored Field Artillery, many months of that time overseas, before receiving his discharge at Ft. Sam Houston, Nov. 1.

George Russell Tat, BM 2-c who was discharged at Long Beach on Oct. 25, had been in the service of the United States Coast Guard for 3 years and 5 months.

Walter James Burgess, Y 3-c, discharged Nov. 2 at Seattle had served 3 years and 9 months in the American Area and Asiatic-Pacific Area. Shirley H. Pitts arrived home with his discharge from the armed forces last week. Formerly of Tulsa, Shirley joined the service on November 5, 1942. He served 21 months with the 8th Air Force in England. He is married and has one son. His wife is the former Dorothy Shel-nutt.

Pfc. Leroy Boehning arrived in Canyon Thursday morning with his discharge from the Army. He has served almost 3 years. One and a half years have been spent in Normandy, France, Belgium, Holland and Germany, with the Infantry in the 35th Division. He is the son of Mr. and Mrs. Walter F. Boehning, east of Canyon. He says that he expects to stay on the farm as, "It looks mighty good to me."

M. A. Dickinson, Mo. M. M. 1-c, arrived at the home of his mother, Mrs. I. Dickinson, Sunday after having spent 26 months in the South and West Pacific. He has his discharge. His total time in the service is 34 months. While he has been in an area where there was much excitement, he has seen little of that feature as his work kept him in auxiliary battleship dry docks.

M-Sgt. Jack Jennings is discharged from the Army and he and Mrs. Jennings have returned to Canyon to make their home. Mr. Jennings was a Prisoner of War of the Germans.

W. T. Homemakers Engaged in Project

By Flo Hammons

The Homemaking II class is working to make the kitchen and dining room in the department more liveable, attractive and enjoyable before we start our unit on preparing meals and entertaining.

The students with the assistance of the student teachers and Miss Herring have mended and laundered the linens; cleaned and rearranged the individual kitchens; polished silverware; waxed furniture; added potplants and charm chains; built additional storage space; painted stools, bread box and canisters; changed window shades; made curtains; rearranged art centers and cleaned and rearranged storage cabinets.

The department is open to anyone who may wish to visit it and see the many improvements.

S-Sgt. Glenn R. Haynes, brother of Mrs. Marion Higdon, was released from Bruns General Hospital at Santa Fe on October 26. He visited with his family at Bard, N. M. and in Canyon with his sister until Sunday when he returned to the hospital for a physical check up. Sgt. Haynes was a Prisoner of War of the Japanese 3½ years.

Mrs. Earl Crist and son, Earl, Jr., of Albuquerque spent the week end at the home of her sisters, Misses Belle and Olive Schramm.

THE STRIKE SITUATION

We have a new wrinkle in this strike business. When the union heads at New Orleans ordered men out of the Higgins plants, old Andrew announced that he would not open the plants. This threw 2,000 out of employment immediately. Higgins had plans to put 30,000 to work after reconversion. But he offers to sell his plants to the unions, if they think they can run the business better than he did. Since the government is so anxious to play into the hands of the union heads, operational money can no doubt be obtained, and the public will be footing the bill if the union fails.

Then CIO threatens to go to court to hold down the price of passenger cars, should OPA set a price beyond the amount that CIO determines is a right and just price. After reading the economic reports from CIO which are flooding the newspaper offices, we are convinced that the Russian plan prevails thru the CIO setup. The question arises: If CIO can make industry submit to its will as to price structure, why does not Congress make CIO responsible for the damage that it does to the public through its strikes?

Unauthorized strikes continue. The latest wildcat strikes occurred Friday when Western Union employees in four cities stopped work, in spite of the plea of the union heads to continue work.

The speech of the President last week has not settled the labor dispute by any means. About all that Truman accomplished was to widen the growing breach between the White House and Congress.

Speaker Sam Rayburn raises a pertinent question: Will the rapid demobilization of our forces convince the budding dictators that we have again withdrawn into our security shell and are refusing to keep an eye on foreign affairs? That is what happened in 1918-19 when we pulled out of Europe—far good. Since we have the strongest fleet in the world, the largest and best air forces, a splendid army, Mr. Rayburn and other interested political leaders in Washington want us to maintain a strong force in order to prove that we have not forgotten the tragic lessons of World War II.

It seems rather senseless to us to teach boys a lot of military tactics in 1946 in preparation for a war which may not come for 25 years. All of the lessons of today will be antiquated in two or three years. Rather than bundle up youths and send them to a military camp where they will learn a lot of cussedness along with a smattering of useless military tactics, it would be better for all young men to be given training in their home schools, under military supervision, where their bodies, minds and souls may be developed together.

It seems that both the Democrats and Republicans in Congress are more interested in the political effect of the Pearl Harbor investigation than they are in getting at the truth of the situation. The Republicans are anxious to pin all of the blame on former President Roosevelt, while the Democrats hope to clear the name of Roosevelt and, if possible, lay the blame at the doorstep of some high moogle in the Republican party. Party politics may make for good government, but such action is entirely outside the realm of pure politics. We should know the truth, no matter who may be to blame.

There has never been so much money on deposit in the banks of America. That money belongs to the people of the nation, money which they have saved up until such a time that useful and needed articles may be bought. While you are waiting for these needed articles to appear on the market, put some of that money to work for Uncle Sam. Buy a Victory Bond. You will receive interest while you wait for something to show up that you need.

While the army is putting up a solid front for a unified command, the navy still continues to fight the proposal. In view of the fact that the army has a wartime strength about six times that of the navy, the latter branch of the service feels certain that it would be swallowed up under the one command policy.

MORE VIGOR NEEDED

As a general program for American foreign relations President Truman's Navy day speech expresses well the present attitude of the American people. But neither the program nor the attitude are wholly reassuring to those who wonder what part the United States is going to play in winning the peace. So very much depends on how they are translated into action.

Mr. Truman was firm and forceful, which was perhaps the first requisite. To blue-print a foreign policy for a people as little acquainted as Americans still are with the role they have to play in the world is not an easy assignment. To offer much beyond a general statement of good intentions and a purpose to keep America strong at a time when Americans seem chiefly interested in getting the boys home, called for leadership few Presidents have exhibited.

Most of Mr. Truman's statements were on the beam. He voiced the hopes of Americans well when he said:

"We seek to use our military strength solely to preserve the peace of the world. For we know that that is the only sure way to make our own freedom secure."

Few Americans will wish to say at this stage that their Nation should seek freedom and security in weakness. And recognition that peace all over the world is a prime requisite for the United States is the basis for effective co-operation to keep the peace.

Americans are convinced of the sincerity of their own intentions to use the greatest military power in the world "solely to preserve the peace." But the people of every nation have that attitude toward their own power. And no people prefer war. The truth is that each nation could be secure with far less military power if each were sure that the power of other nations would be used only to uphold justice and preserve peace. But vast military establishments are themselves a measure of the fear that the nations will not cooperate to uphold justice.

American retention of the "secret" of the atomic bomb (little as there is to that secret) is motivated by such fear. Yet other nations feel that the United States even without the bomb is more secure than anybody and should be freest from fear. The President recognized that atomic energy has created an unprecedented situation, but he apparently has as yet not found specific measures to deal with it either in the way of changed plans for defense or for political agreements to control the bomb.

Mr. Truman called for faith in cooperation. Faith is indeed essential. But it must be built on acts. America can help to build it by acts which prove that in proclaiming the rights of peoples to form their own governments they are not being self-righteous or irresponsible. Russia may be persuaded if this American purpose is expressed as well toward Spain and Latin America as toward the Balkans, and if it is made truly effective in Germany and Japan. Britain will be persuaded if it is as effectively expressed in liberal trade policies and taking responsibility in areas where she has been the sole policeman.

We echo Mr. Truman's hope that "world cooperation for peace will soon reach such a state of perfection that atomic methods of destruction will be outlawed forever." But we submit that in the light of what happened in London, if this is to be anything but a dangerous and disillusioning platitude, more specific and vigorous measures of active cooperation must be quickly taken.

Women wear rings to show they are married. Men wear last year's clothes.

OUR DEMOCRACY—by Met

"When my Ship comes in"

IN DAYS PAST, A MAN'S FORTUNE AND FUTURE OFTEN DEPENDED UPON THE SAFE RETURN OF A SINGLE SHIP. THE RISKS WERE GREAT—BUT SO WERE THE REWARDS.

Maybe we are crazy, but The Canyon News is one newspaper in the nation that has not increased advertising rates. The cost of production has increased 25% or more, but we prefer to allow our former advertising rates to stand. We believe that we would be justified in such an increase. As a matter of fact it has been suggested by some local advertisers that we should increase our rates. The News force is grateful for the splendid support which we have received during the past 35 years, and does not intend using the war as an excuse to increase prices. Again we say, maybe we're crazy.

CIO is going to put the squeeze on the three big auto plants, General Motors, Ford, Chrysler. Union heads will determine which one is the softest, and then call out the workers in its plants. The other two will not be molested. But the unions will rely on the pressure from within the company affected to gain the CIO point. CIO figures that the company which is strike bound will see the market saturated by its competitors and will gladly yield. Then CIO will attack the other two in like manner.

Randall county has again oversubscribed the War Chest Fund. We are not the state leaders, so far. Oldham county has oversubscribed its quota 123.1%, while Randall is second with 119.4%. Carson stands third with 111%; Hammett, 102.2%; Roberts is exactly 100%. A large number of Panhandle counties have raised less than 50% of their quota. The campaign has been extended to Nov. 30, in hopes that the delinquent counties will raise their quotas.

OPA seems to have a rather valid argument on future rent control. It is advocated that prospective builders may submit their plans to OPA and secure a ceiling on rents before construction starts. In this manner the owner knows what he is up against before he starts building.

politics for so long that they know the art of asking.

HEADED FOR TROUBLE

The OPA is headed for trouble. It has orders to keep prices down and yet as the head of OPA recently remarked, "Wages are definitely not my job." And wages are on their way up. Thus, with the biggest element in the cost of production completely beyond its reach, the OPA, in order to stay in business, adopts what it calls a "cost absorption policy." Costs it can't control it expects to turn over to retailers for "absorption." This weird tactic, believe it or not, is the cornerstone of price control.

The greatest danger is that OPA, while it is getting itself into hot water, will drag the distribution industry along with it. Retailers have enough headaches already. If they are forced to carry the inflationary ball for OPA, the results cannot be anything but disastrous. The country relies on an efficiently operated distribution system. On the whole, profit margins are narrow. The solvency of retailers, including such mass merchandisers as chains, depends upon a high volume of sales, volume that has been gained by keeping prices as low as possible.

No one has greater interest in keeping prices down, than retailers themselves. They realize that there is little room in the delicate combination of prices and volume for the kind of tinkering OPA is indulging in at the present time. If wages go up substantially, prices must go up. If prices are not allowed to follow wages, efficient retail distribution as we now know it, will be wrecked at a cost far greater to the public than normal price adjustments based on cost of production.

Some women are a sight to behold; others a sight to be held.

NOV. 21, 1945

AN IMPORTANT DATE FOR
THOUSANDS OF ARMY VETERANS
NOW IN CIVILIAN LIFE

Between now and November 21, thousands of Army veterans will reenlist in Uncle Sam's new volunteer peacetime Army. Because—men who have been discharged between May 12 and November 1 of this year and reenlist on or before November 21 will be able to return to the Army with the same grade as they held when discharged.

Men with six months of satisfactory service discharged as privates will, on reenlistment before November 21, be given the grade of private first class.

Men now in the Army who apply for discharge after NOVEMBER 1 for the purpose of reenlisting in the Regular Army will also retain their present grades, if they enlist within 30 days after discharge and before FEBRUARY 1, 1946.

"BEST JOB IN THE WORLD"

These special privileges are typical of the new law recently passed by Congress. Few opportunities for a lifetime career offer as many attractive advantages.

Can you think of any other job that would give you good pay, your food, clothing, quarters, free medical and dental care, world-wide travel, 30 days' furlough every year, education and training in any of nearly 200 skills or trades, and enable you to retire with a life income any time after 20 years' service?

There isn't any! That's why a job in the Regular Army has been called "The Best Job in the World."

HIGHLIGHTS OF THE NEW ENLISTMENT PROGRAM

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men with 6 months' service.)
2. Men reenlisting retain their present grades, if they reenlist within 30 days after discharge and before Feb. 1, 1946. The same applies to men discharged between May 12 and Nov. 1, 1945, who reenlist before Nov. 21, 1945.
3. An increase in the reenlistment bonus to \$50 for each year of active service since the bonus was last paid, or since last entry into service.
4. 20% extra pay when overseas.
5. Paid furlough, up to 90 days, depending on length of service, with furlough travel paid to home and return, for men now in the Army who enlist.
6. Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
7. Option to retire at half pay for the rest of your life after 20 years' service—or three-quarters pay after 30 years. (Retirement income in grade of Master or First Sergeant up to \$155.25 per month for life.) All previous active federal military service counts toward retirement.
8. Benefits of GI Bill of Rights.
9. Family allowances for the term of enlistment for dependents of men who enlist or reenlist before July 1, 1946.
10. Choice of branch of service and overseas theater in Air, Ground or Service Forces on 3-year enlistments.

Rob Ukraine of Rare Treasures

Germans Looted Academy Of Science, Wrecked It, Official Says.

NEW YORK. — Organized looting on an intensive scale by Nazi vandals of scientific institutions, art museums, medical colleges and other centers of culture throughout occupied Russia preluded the destruction of the buildings themselves.

Prof. Peter Pogrebnyak, secretary of the Ukrainian Academy of Sciences, gives in a Russian information bulletin some details of what happened there. He writes:

From the Institute of Geology, the Germans removed the skeleton of a mammoth elephant, the only complete skeleton of this particular species in the world (skeletons of this species are ordinarily assembled from the bones of several animals).

They also carried off the skeleton of a cave bear, the only copy of a stratigraphic map of pre-Cambrian Ukraine, and pictorial representations of geological scenes drawn by such great Ukrainian painters as Izhakevich, etc.

They stole paleontological collections which cannot be duplicated, and materials on vertebrates gathered over a period of dozens of years. They took away the largest meteorites, and collections of Ukrainian topazes and precious stones, as well as the institute's library of 120,000 volumes.

Took 105,650 Plants.
From the Institute of Botany the Germans carried off herbariums containing 105,650 plants representing the flora of the southwest USSR, which were collected by Russian and Ukrainian botanists over a period of more than 100 years.

All the academy's institutes of technics were plundered, as well as the Institutes of Zoology and Archeology, and the Shevchenko Institute of Literature.

Millions of books were carried away from the central library of the Academy of Sciences, among them many priceless volumes.

The plundering of the academy's property was in the main the work of experienced thieves.

Moreover, we know the names of the vandals. They include Professor Sommer, zoo technician; Professor Walther, geobotanist, and the leisters and sonderfuehrers of the German administration. Professors Mannsfeld and Benzing were particularly active as robbers of academy property.

Loot Found in Reich.
On January 24 of this year, Commander Pushkarevich found property belonging to the academy in the village of Neudorf, five kilometers from the city of Nazdra, and in Poznan, including the seed herbarium and laboratory equipment. Pushkarevich also informed the academy that their property had been discovered in the city of Miloslavov, 10 kilometers from Neudorf.

Georgi Karpenko, secretary of the technical sciences section, recently made a trip to Pomerania. In a landlord's house in the village of Grabow near the city of Steinberg he found over 40,000 volumes on geography and ethnology belonging to the Academy of Sciences. On the same day, he discovered a considerable number of books bearing the stamp of Kiev university and the Odessa and Kharkov libraries.

Maj. Mikhail Stokov discovered property of the Institute of Zoology and the Zoo-Biological museum of the Ukrainian academy in the fortress city of Heilsberg, East Prussia.

Girl Accepts Job in Rome to Get a Room

WASHINGTON. — Latest sidelight on the Washington housing shortage is the story of the girl who had to settle for a room in — Rome, Italy.

Coming to Washington to take a job with army intelligence, the girl found temporary quarters at the YWCA, but couldn't find a permanent room. The army offered her an assignment in Rome. She took it, saying: "I'd rather stay in Washington, but after all, I had to have a room and the army assured me I'd have one in Rome."

Philanthropist Provides For Free Rides on Bus

NEW ORLEANS. — It was 5 a. m. and the passengers in the bus were very sleepy, but enough awake to realize that the driver had told them "Keep your money; this ride is free."

As the bus got under way, the operator explained that during the previous trip a "philanthropist" had boarded the bus, presented him with a dollar and given instructions that the next 14 persons were to ride free.

Russian People Told of Atomic Attack on Japs

MOSCOW. — The Soviet press and radio carried to the Russian people the news of the new atomic bomb attack on the Jap city of Hiroshima.

Shortly after midnight the Moscow radio gave the first account of the bombing and Tass subsequently issued the text of the announcement by President Truman.

The government newspaper Izvestia printed the story on its foreign news page without comment.

Sheffy Made Grid Queen

The royal party approaches!

All preparations are complete now: in the center of the field, along the 50-yard line, the opposing teams form two long lines, so that Sue Sheffy, soon to be made Queen of the land of Buffalo football, may make her royal way between them.

At exactly 3:04, the maroon convertible transporting Her Majesty from the east side-line turns left and travels slowly toward the grandstand, where a Homecoming crowd of more than 4,000 is awaiting the first glance of the 1945 Football Queen.

Helping Queen Sue as she alights from the car is Left Guard Dwaine Lyons. The princesses, attendants to the Queen, who now take their positions on either side, are Nadyne Coker, escorted by Right Halfback Billy Greenfield; Norma Coker, escorted by Right End Don Leach; Molly Nann Ziegler, escorted by Right Guard J. D. Lynch; and Sue Truelove, escorted by Center A. D. Shaver.

Both Queen and attendants are attired in softly tailored woolen suits.

Spectators rise as Sue removes her hat and hands it to Dwaine. The band is silent, and a hushed expectancy blankets the gala gathering.

With a beautiful bouquet of white chrysanthemums in her arms, she stands facing Captain "Boss" Bledsoe, football leader. The November sun is bright overhead—a more perfect day could not have been chosen for this traditional Homecoming event.

The captain officially crowns Sue 1945 Football Queen by placing his helmet upon her head. And then he bends down to kiss her.

Ceremony over, the royal party moves toward the bleachers; there the boys assist the girls up into their seats and return to the field.

Kickoff time: 3:10. The Queen

has been crowned, and the team over whom she reigns is ready for the game. It won . . . for Her Majesty and W. T.

PROOF

A man named Josh was brought before a country squire for stealing a hog, and three witnesses, being examined, swore they saw him steal it. A wag, having volunteered as counsel for Josh, knowing the scope of the squire's brain, arose and addressed him as follows: "May it please your honor, I can establish this man's honesty beyond the shadow of a doubt, for I have twelve witnesses ready to swear they did not see him steal it." The squire rested his head for a few minutes upon his hand, as if in deep thought, and with great dignity arose, and brushing back his hair, said: "If there are twelve who did not see him steal it, and only three who did, I discharge the prisoner."

Senior Candidate Elected Queen

Queen Leta Reigns Over W. T. For the Harvest Season

Leta McNutt reigned as queen over the Harvest festival Wednesday, October 31. The combined

school Hallowe'en Carnival went over the top resounding with laughter and mysterious Hallowe'en noises.

After a gay time of visiting booths everyone thronged to the gymnasium to watch the coronation. Queen Leta was ushered into her royal office by Mr. Morris, who placed a crown of chrysanthemums upon her head. Leta who was dressed in a peasant blouse and a long flowing red and green satin skirt, was surrounded by her at-

tendants, Orzella Henson, Kathleen Haffner, and Mary Lee McGehee who were dressed in burlap suits and gold blouses. The background for the throne was a beautiful woodland scene.

The following program was given for the entertainment of the Queen and her court: The Scarecrow quartet composed of Bill Knighton, Glenn Dowling, Alvin Jennings and Jimmy Knott sang "Way Down Yonder in the Cornfield," and "There's A New Moon Over My Shoulder." La Nell Bassett gave a reading "El Yo Don Be Good," Raz MaTaz Boys which are Bill Miller, Merle Ewton and Charles McDonald played two numbers. L. T. White and Billy Jess Cox played "Old Man River." Each number was introduced by the Hallowe'en Witch, Virginia Hunter, who threw her magical exploding pellets (sodium) into a high black pot in the center of the gym. An auction which was sponsored by the Library Club was held following the coronation. In all the carnival brought in \$230, which will go into the library fund.

PINCH

Plutarch tells of a Roman, divorced from his wife, who was blamed by friends for his separation.

"Wash she not beautiful?" they chorused. "Wash she not chaste?"

The Roman, holding out his shoe for them to see, asked if it were not good looking and well made. "Yet," he added, "none of you can tell where it pinches me."

W. T. Calves In Tie Game Friday With Springlake

A 6-6 tie resulted when the Springlake Wolverines met the W. T. Calves here Friday night.

During the first quarter, the Calves ran the ball down to the Wolverine 1-yard line, but were met by an immovable force and stopped. The Wolverines then got their hands on the ball and tried for a touchdown, but were met by a solid line. The first quarter was scoreless.

The second quarter started with the Calves pushing for the goal line again. Again they were met by a sturdy defending team. The second quarter was scoreless also.

At the beginning of the third quarter, Glascock of the Wolverines succeeded in his attempt to make the goal line and the Wolverines led, 6-0. Several times the Calves tried their hand at tying the score but each attempt was met with too tough a line to run through.

With the beginning of the fourth quarter, each team was beginning to buckle down. In the middle of the last quarter, Merle Ewton ran down the sideline and succeeded in crossing it. This tied the score 6-6. The extra point failed. The game ended with both sides trying desperately to gain possession of the ball.

One of the outstanding players for the Calves was newcomer to the back field, Horace Carter. Carter is a freshman, and displayed quite a bit of excellent ability to carry the ball. Another is Carroll SoRelle, a senior. He showed capable ability to tote the pigskin. These two boys are new to the squad, but they really get in there and pitch. The rest of the team played excellently.

W. T. Made 232 yards to Springlake's 46, and 16 first downs to their 9.

here, a time stressing the relation of religion to a student's life.

On Tuesday, Dr. Hill's topic was "Intelligence in Religion," in which he said that his purpose in these lectures was to reach as many people as possible. One of his main points of discussion was, "Knowledge is power but not wisdom." In his second lecture on "Victory Through Defeat," Dr. Hill gave the life history of General Robert E. Lee and his victory over defeat following the Civil War. Dr. Hill described Lee as the "earth's one perfect man."

In his concluding address, Dr. Hill discussed "The Human Will in Action." In this address, the speaker brought to many students the true significance of leaving home even to go away to college and how a student never again has his previous position in the family.

One of the outstanding features of the religious meetings was the music rendered by the A Cappella Choir, Double Sextet and the Women's Chorus under the direction of Lt. Houston Bright. Glenn Truax, accompanied by Mary Hodges, led the assembly in group hymn singing.

Mary Evelyn Foster, Bill Montgomery, and Wayne Thomas, representatives of the Student Christian Association, acted as presiding officials at the various addresses. The Rev. Robert Jones of the Presbyterian Church, the Rev. Joseph Findley of the Christian Church, and Dr. Roy Johnson of the Baptist Church gave the invocations on the three days. Rendering the benedictions were the Rev. J. W. Phelps of the Assembly of God Church, the Rev. Lyle Bonner of the Church of Christ, and the Rev. C. C. Armstrong of the Methodist Church.

Second A-Bomb
Had More Punch

The One That Hit Nagasaki
Easier to Build, Makes
First Obsolete.

GUAM. — Brig. Gen. Thomas A. Farrell, commander of atomic bomb operations in the Pacific, told the Associated Press, that the A-bomb which struck Nagasaki packed more punch than the first one dropped on Hiroshima.

Farrell said the second bomb not only was more potent, but made obsolete the No. 1 parcel of death, and was less difficult to construct.

The strategic air forces announced that 30 per cent of Nagasaki had been destroyed.

Maj. Charles W. Sweeney, pilot of the big superfortress which carried out the attack, said:

"The turbulence from the blast at Nagasaki was greater than at Hiroshima."

Bomb Made Crater.

The reconnaissance photographs showed that destruction at Hiroshima was greater, however. General Spaatz' strategic command said 60 per cent of Hiroshima was destroyed. Farrell did not elaborate on the increased potency of the bomb or its manufacture, size, or weight, nor on the comparative destruction handed the two cities.

Post-bombing pictures of Nagasaki showed a great crater where the bomb struck. No crater appeared in the Hiroshima photographs. The Japanese claimed both missiles were dropped by parachute and that the Hiroshima bomb exploded before it struck the ground.

Spaatz suggested that the geography and topography of the two cities would have a bearing on the results of the bombs.

Much of Nagasaki's war facilities—shipping, aircraft and steel industries, rail, naval and other vital installations—were either completely wrecked or heavily damaged.

Wrecks Steel Plant.

The Tokyo radio issued contrasting reports. One said the damage was "slight," the other that damage was extensive, with many lives lost.

Spaatz said the area of destruction in the built-up area ranged on both sides of the Urakami river for a distance of two miles, with a maximum width of seven-tenths of a mile. Included was the great Mitsubishi steel plant, which produced 200,000 tons of finished steel products each year and was a source of naval torpedoes, and the Mitsubishi-Urakami ordnance plant, which turned out 4,800 aerial torpedoes annually.

Scientists who were responsible for the manufacture of the bombs and the crews of the B-29s that dropped them agreed that the feat was almost beyond their imaginations.

"I knew ahead of time—ever since last fall—what I had to do," said Maj. Thomas W. Ferebee of Mocksville, N. C., bombardier in the B-29 which dropped the first bomb. "I felt a tremendous responsibility and I knew I must not fail. Right on the target I let the atomic bomb go, and to say I was very relieved when it was gone is putting it mildly."

Scientists were elated at the success of the bombing.

U. S. Returns Treasure

Loot to Haile Selassie

ADDIS ABABA. — The United States government formally presented to Emperor Haile Selassie recently a large cache of silverware, royal robes, and other articles stolen from the Ethiopian royal palace during the Italian occupation.

The royal treasure was retrieved by operatives of Maj. Gen. William J. Donovan's United States strategic services in northern Italy during a final roundup of leading Fascists and their loot.

The cargo, weighing more than 800 pounds and consisting of 350 items, was flown from Cairo in a special plane. It was presented officially to the emperor by J. K. Caldwell, American minister to Ethiopia.

Allies Destroyed Nazi

Atom Factory Last March

GUAM. — High ranking army officers disclosed recently that a laboratory at Oranienburg, Germany, in which Nazi scientists were working on an atomic bomb, was destroyed by allied bombs last March.

The Allies learned of the existence of the German laboratory just outside Berlin and General Marshall, army chief of staff, and Arnold, chief of the air forces, sent a courier from Washington, D. C., with oral orders to General Spaatz, then strategic air forces commander in Europe, to destroy the laboratory.

The heavy raid destroyed it "completely and absolutely."

Hungry Austrians Appeal

To President Truman

BERLIN, GERMANY. — Berlin's Austrian colony addressed a personal appeal to President Truman recently for aid. "In times of greatest distress we call upon you, chief of state of the mightiest power in the world, for help," the petition read. About 2,000 to 3,000 children, pregnant women and invalids, all citizens of liberated Austria and residents of Berlin, are dying from starvation.

In 1830 all elections in Texas were held on Sunday.

(What Makes a Texan Tick?)
Concluded)

Texas is the home of cowboys who drove hundreds of thousands of Longhorns up the trail despite Indians, prairie fires, rustlers, swollen rivers and stampedes; then when the herds had been delivered at Abilene, the cowboys took in the sights, perhaps shouting, "I'm wild an' woolly an' full of fleas; ain't never been curried below my knees." Texas became a land whose insignia were high-heeled boots, jingling spurs, chaps, big hats, bright bandanas and blazing six guns.

The history of Texas is one of French and Spanish explorers, of heroic priests who built missions in the wilderness, of Indian fighters, gold-seekers, Texas Rangers, cattle kings, pioneer physicians, school teachers, circuit riders, pirates, outlaws, wildcatters with their gushers and boom towns, flamboyant politicians, King Cotton, cabins in the clearings, heroic women whose prayers and unceasing toil helped to build a State.

It is a story of unique people and institutions and deeds: Joe Bailey of whom it was said that a 20-mile ride on horseback was adequately compensated for just to hear him say "My fellow countrymen"; Clyde and Bonnie, lovers and slayers; Albert Sidney Johnston, hero of Shiloh, who joined the army of the Texas Republic as a private; O. Henry, genius of the short story; the million-acre King Ranch;

Amon Carter, greatest host of all time, and Jesse Jones, the greatest money-lender in history; the miracle of bringing the sea 50 miles inland to make Houston one of the foremost ports of the world; the University of Texas with millions of dollars derived from oil found under land that was considered virtually worthless; Robert E. Lee, before the Civil War, sitting on his horse, motionless on the frontier, "listening to the tread of the millions that are to come"; the old settler who, when asked for the title to his land, simply pointed to the rifle beside the door; and Brit

Bailey, who in his will said: "Bury me standing up and facing west. I've never looked up at any man yet and when I'm dead I don't want anybody saying, 'Here lies old Brit Bailey.'" So they buried him in a box, standing up, his gun at his side and a jug at his feet.

Double Ring Ceremony Unites Miss Pauline Griffin — Capt. Roland Black

Saturday evening at 7:00 p. m. Miss Pauline Griffin, daughter of Mr. and Mrs. C. H. Griffin, 6121 La Vista Dr., Dallas, became the bride of Capt. Roland Black, son of Mrs. Alice Black, at the home of the bride's brother, Mr. and Mrs. Jack Griffin, 6124 Richmond, Dallas. Dr. Marshall Craig read the beautiful double ring ceremony before an improvised altar, made before the fire place which was decorated in giant pink mums and baby white mums banked in greenery and flanked with tapers.

Mrs. Jack Griffin, sister-in-law of the bride and Roy F. Byrd, Jr., brother-in-law of the bridegroom, only attendants of the couple entered with the bride and groom.

The bride wore a blue French creation with ostrich hat of rose and black accessories. She carried a white orchid on a white Bible. Her only ornament was a lovely sunburst pin of pearls and diamonds, gift of the bridegroom.

At the reception, which followed the wedding ceremony, guests were served from a linen covered table centered with a gorgeous centerpiece of giant pink mums and white baby mums matching those used in the altar decorations. Tall tapers flanked the centerpiece. After the bride and groom had cut the first slice of cake, Mrs. James Edwards cut and served the cake. Serving with Mrs. Edwards in the dining room were: Mrs. Roy Byrd, sister of the bridegroom; Mrs. Doema White; Mrs. W. D. Byars, cousin of the bride from Houston; and Mrs. Roland Pullen, cousin of the bride from Los Angeles, Calif.

Out of town guests included, Mrs. Alice Black mother of the bridegroom, Mr. and Mrs. Roy N. Byrd, Jr., all of Canyon; Mrs. Byars of Houston; Warrant Officer and Mrs. Oren Barnett of San Antonio; Major Edward Rossett and Lt. Edna L.

Collins of Auburn General Hospital, McKinney, Texas; Mrs. Roland Pullen, Los Angeles, Calif.

After a honeymoon in Los Angeles, Calif., the couple will return to Dallas, November 15.

WHITING-SZYMAK NUPTIALS READ IN CANYON SATURDAY

Miss Carol Whiting, daughter of Dr. and Mrs. H. S. Whiting of Middletown, Connecticut and Corporal John J. Szymak, son of Mr. and Mrs. Joseph Szymak of Nashua, New Hampshire were united in matrimony Saturday, November 3rd, at high noon.

The ceremony took place in All Saints Episcopal Chapel in Canyon with the Rev. W. R. Scott of Plainview officiating.

The altar was decorated with chrysanthemums and lighted tapers. Miss Imogene Wilson of Clarendon was bridesmaid and wore a street length dress of fuchsia with a gold mum corsage.

Mrs. Charles W. Martin was matron of honor.

Dr. Charles W. Martin was best man.

The bride wore a street length dress of navy blue sheer with brittan tan accessories. Her bouquet was of talisman roses tied with white ribbon.

The groom was in uniform.

Mrs. Szymak is a graduate of West Texas high school and was a cadet nurse at Wichita General Hospital in Wichita Falls.

Corporal Szymak is a graduate of Nashua, New Hampshire high school and lived at home prior to his enlistment in the U. S. Army Air Forces. He has been stationed at Amarillo Army Air Field since November 1942.

After the ceremony, the wedding party was entertained with an informal dinner in the home of Dr. and Mrs. Charles W. Martin, 700 Eighteenth Street.

Corporal and Mrs. Szymak will reside in Canyon pending his discharge from Amarillo Field.

High School Bands Perform Saturday at Homecoming

Thirteen gaily colored bands brightened the football field Saturday afternoon, marching before an almost filled stadium and the judges, D. O. Wiley of Texas Tech, Fred Rattan of Amarillo Air Field, and Ed Chenette of Shamrock.

Participants in the contest were rated in divisions according to their ability in marching, playing, discipline, general effect, and precision. Bands placed in first division were Amarillo, Pampa, Tucumcari, N. M., Hereford, Canyon drum corps, Dalhart, Lamesa, Clarendon, and Sam Houston junior high school of Amarillo. Phillips and Kellerville grade school band marched for criticism only.

A 95 per cent total or more was necessary for a band to be placed in first division. Second division required a percentage of not less than 87.

Directors of the bands are Clyde Rowe, Amarillo; Ray Robbins, Pampa; J. H. Stephenson, Tucumcari, N. M.; Ralph Smith, Hereford; Bob Low, Perryton; Bob Gray, Canyon; R. L. Salyers, Dalhart; Henry Goldwire, Phillips; Dick Young, Lamesa; J. G. Stanley, Clarendon; Bettie Williams, Kellerville; James H. Gain, White Deer; and Clyde Rowe, Sam Houston.

The contest took place before the football game between Dalhart Army Air Field and West Texas State.

The outcome was announced over the loud speaker system at the half. Each band had approximately six minutes on the field. In marching, many formations were made. Some of these were stars, school letters, and V-E and V-J. Colorful uniforms were black and gold, red and white, black and red, yellow and white, gray, black and white, and many other colors.

The bands took their places on the east side of the field during the game. Each contributed music at intervals. The bands combined for several numbers.

HIGHLAND H. D. CLUB MEETS WITH MRS. W. M. CRETSINGER

Although poultry achievement was the main theme when the Highland Home Demonstration Club met with Mrs. W. N. Cretsinger on Tuesday, the program included other interesting numbers.

A club history, from the organization in 1932 down to 1945 activities, was given by Mrs. C. B. Fuqua. Reports were given by chairmen of each committee, thus summing up the year's work. Work of the 4-H Girls was exhibited.

Guests, 4-H Club members and members present were: Mrs. L. J. Fulton, Mrs. L. E. Mason, Mrs. C. B. Fuqua, Mrs. Temple Jarnagin, Miss Marie Jarnagin, Mrs. Geo. Mason, Mrs. Ira Allred, Mrs. J. B. Reed, Mrs. W. W. McDade, Mrs. Tom Watson, Mrs. Clyde Jones, Mrs. Kenneth Jones, Mrs. L. M. Cribbs, Mrs. R. A. Gikerson, Mrs. Geo. Cook, Mrs. S. E. Brightwell, Mrs. Alma Moore, Mrs. Lane Cotter, Mrs. Henry Jahnsen, Mrs. Sharp, Mrs. J. E. Broadbush, Miss Lou Ella Patterson, Frances Boling, Alace Golgreth, Marie Golgreth, Mrs. L. B. Nesslerod, Betty Jo Cretsinger, Carrol Ann Jahnsen, Mary Green, Mrs. Turner McDade, Sue Cotter, Margrete Jahnsen, Laquita Cribbs, Joan Fulton, Hazel Milhoon, Mary Milhoon, Margrete Batenhorst, Wyneth Lee Witsel, Dorothy Roark, Alma Jo Wetsel, Georgana Cretsinger, Mrs. A. N. Green and the hostess.

CENTREVIEW CLUB HEARS YEARLY REPORT

Friday afternoon the Centreview Home Demonstration Club met in the home of Mrs. J. W. Wesley to hear the yearly report on foods, poultry and home improvement by the cooperators with the home demonstrator.

Mrs. E. W. Schaeffer presided over the business session. Roll call was answered with a favorite recipe. Those answering roll call were: Mrs. Serena Bryan, Mrs. S. F. Sharpes, Mrs. Leona Allen, Mrs. E. W. Schaeffer, Mrs. Juanita Slack, Mrs. A. E. Wise, the hostess and Miss Lou Ella Patterson. Visitors were Mrs. John Patterson, Mrs. J. H. Holly, Miss Evelyn Schaeffer, Miss Vesta Amerson and Mrs. Schelly.

Following a game led by the recreation chairman, Mrs. J. W. Wesley, she served delicious refreshments consisting of pineapple rings with marchino cherry centers, angel food cake and cocoa.

Mrs. W. R. Haynes of Bard, N. M. is at the home of her daughter, Mrs. Marion Higdon recuperating from another major operation.

Mrs. Maxine Campbell of Clovis, N. M., who is proof reader with the Clovis News Journal, was visiting Sunday in the home of her parents, Mr. and Mrs. C. F. Shenefelt.

O. E. Hensley and bride spent the week end with his mother, Mrs. Hensley and his sister, Mrs. Heizer. Silas Hart attended to business in Dallas this week.

Does Texas rightfully belong to Spain? In 1819 the United States ceded Spain all land south of the Red River and west of the Sabine River. No subsequent treaty was ever made.

We don't mind the daughter's boy friends staying so late, but we do wish they wouldn't take the morning paper with them when they leave.

Why doesn't somebody invent an alarm clock that emits the tempting aroma of frying bacon and hot coffee?

The wife has developed the bad habit of staying up until two and three o'clock in the morning. She just won't go to bed until we get home.

VITAL VICTORY FACTS

about the great
Victory Loan and how important it is to you and the business
of your farm to buy EXTRA bonds in this final Loan!

Seven times during the war you've been asked to buy extra bonds to help win Victory. Our fighting men have finished their job . . . let's finish ours! Buy extra bonds now . . . to help make Victory secure!

Victory Bonds will help pay the tremendous cost of winning the war. They will help bring our boys back home . . . will supply the finest of medical care for our hundreds of thousands of wounded.

Held by millions of Americans, bonds will provide a reserve of buying power to assure jobs . . . for veterans, for other workers. This reserve will help maintain prosperity for you and your community.

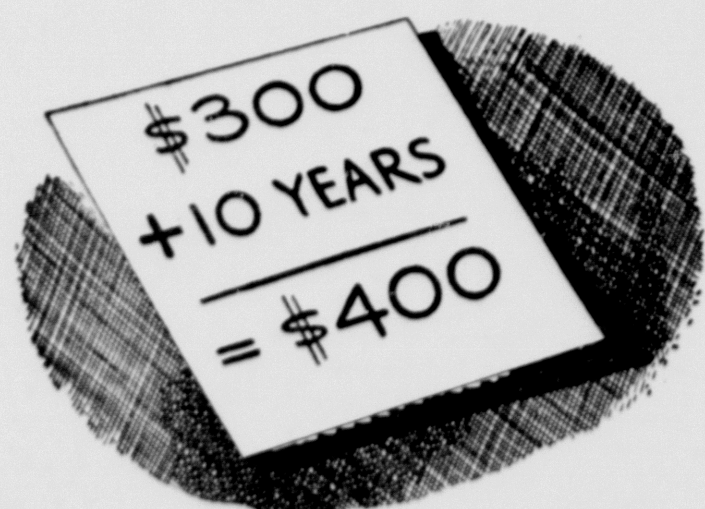

By buying bonds rather than scarce goods, we help keep the lid on prices . . . keep our pledge to fighting men to protect their dollars' buying power. We prevent inflation . . . and its follow-up of depression.

Victory Bonds form a reserve for "rainy days". They provide a backlog for needed farm repairs and replacements . . . for modern buildings, improved stock, better homes.

They hold dollars in store to pay for our children's education . . . right through college. Victory Bonds purchased today, will provide the scientific knowledge and training so necessary in the world of tomorrow.

Victory "E" Bonds return \$4 at maturity for every \$3 you put in. The safest investment in the world, paying substantial interest, they are immediately convertible into cash if necessary.

Buy Victory Bonds to start your own annuity retirement fund. Followed up with regular purchases of U. S. Savings Bonds, Victory Bonds will permit you to enjoy later years in comfort.

**Law Officers Go
To School to FBI**

Come From All Over Country to Learn Police Work.

WASHINGTON. — Three times a year, law enforcement officers from all sections of the country gather here for intensive training in the work of their profession at the hands of the federal bureau of investigation. This course is known as the FBI National academy, and in its 14-week curriculum lies one of the principal reasons for the present high standards of police work in the United States.

A total of 1,124 law enforcement officers representing over 100,000 police personnel have completed the course since its inauguration in 1935. They return to their respective agencies and set up similar training programs for their fellow officers. Thus the FBI is able to pass on to the entire law enforcement profession the latest techniques in crime detection.

Throughout the national emergency the FBI National academy program has emphasized the special wartime duties of police. Juvenile delinquency prevention and control are other important phases of the training, as is the study of traffic problems of today and tomorrow.

Much of the instruction is very similar to that given the FBI's own special agents. On the FBI ranges at Quantico, Va., the FBI National academy members receive extended training with rifles, machine guns, shotguns and pistols. They also study the methods of scientific crime detection utilized in the FBI laboratory and the work of the vast FBI identification division which comprises over 97,000,000 fingerprint cards — by far the largest collection in the world.

In addition to improving standards in their own departments, graduates of the FBI National academy render invaluable assistance to the G-men in their work. The FBI has handled approximately 900,000 national security cases as well as a vast volume of criminal matters throughout World War II, but thanks to the co-operation of these FBI National academy alumni, the burden has been borne in stride.

**Deaf Mute's Note Says
He Beat Family to Death**

PEABODY, MASS.—A deaf and dumb prize fighter beat his deaf and dumb wife and only daughter to death with a hammer and confessed by writing a note to police. "I killed my wife and baby," read the note which Dave Horblit, 26, scrawled on a scrap of paper after walking into a police station.

The policeman at the desk, noting Horblit's neat white shirt and well-washed hands, shook his head in disbelief. Horblit nodded affirmation and when asked how it occurred wrote again on the paper— "A hammer."

Police accompanied the light-heavyweight fighter to his home, where the bodies of Mrs. Catherine Horblit, 22, and her 20-month-old daughter, Caroline, lay.

Pusher Type of Private Plane Now in Production
GLENDALE, CALIF. — Jarvis Manufacturing company revealed recently that it has in production a two-passenger private airplane with a top speed of 135 miles per hour. It will sell for "around \$2,000."

The plane, a pusher-type with a 40-mile landing speed and 400-mile cruising range, will be ready for tests about September 1. Designed by Volmer S. Jensen, sailplane expert, it will have retractable light-weight wing wheels, one-wheel landing gear and a nose skid.

**Giant Fir Tree Is Felled
In British Columbia**

VANCOUVER, B. C. — A giant fir, containing sufficient lumber to build four or five four-room houses, has been felled near Abbotsford.

The tree, believed to be the last of the timber stand that once made famous the Mission - Sumas - Abbotsford area, measured 8 feet at the base and was more than 200 feet high, sealing approximately 23,111 board feet of lumber.

**Old Gray Mare Ain't
What She Used to Be**

DENVER, COLO. — Blondie, the mare, has local veterinarians — and her owners — guessing. Early in May, Blondie became a mother; late in June, she gave birth to a second colt. The vets say the 11-month rule of nature hasn't changed; so the second arrival must be a belated twin.

The owners named him "Say When."

**Millions Sent Home
From Pacific Fronts**

MANILA, P. I. — American soldiers in the southwest Pacific area mailed home \$14,000,000 worth of postal money orders, it was announced recently. Headquarters of American forces in the southwest Pacific also announced that during the same period servicemen and women purchased \$1,000,000 worth of air mail stamps.

**Register Shows High October Total
As Tourists See Museum Exhibits**

Forty-seven states were represented by visitors at the Plains Museum on the West Texas State campus in October. Only Vermont was missing.

Registrations for the month were 2,747, raising the total for the year to 31,314 and since the museum's opening on April 14, 1933 to 401,013. Visitors also came from Canada and Africa.

Army Groups Visit
Several Army groups and two perambulatory groups from the veterans hospital in Amarillo visited the museum. A delegation of children came from Pantex village, near Amarillo.

With transportation difficulties

receding, museum visitors soon will reach pre-war numbers, according to Boone McClure, assistant curator.

Fame Grows
The museum is internationally famous for the excellence of its exhibits of materials on western and Indian life and especially for its paleontological collections. Historical materials are used by research students. Art collections include many valuable objects from other countries.

Currently a campaign to raise \$60,000 to complete a two-story annex is under way. This unit must be finished to permit acceptance of highly valuable collections for which there is now no room.

**Traditions Kept Alive
As Many Exes Return
To Canyon Saturday**

The tradition of Homecoming on the campus of West Texas State was renewed Saturday as hundreds of ex-students returned to their alma mater. Though the number was smaller than in former years, the feeling was no different.

Various attractions throughout the day welcomed the visitors and kept the festive spirit high. Coffees by the Faculty Committee, the Student Christian Association, Delta Zeta Chi, Women's Physical Education Department, and Kappa Tau Phi were the entertaining features throughout the morning. Gamma Phi served a luncheon to its exes at noon. Epsilon Beta held a smoker at Stafford Hall after lunch, and Pi Omega served coffee following the football game.

The new Student Union Building became a visiting center as old friends met there to talk over earlier times, play ping pong, and chat over a coke.

The 21-0 win of the Buffaloes over Dalhart Army Air Field highlighted the afternoon as West Texas students and fans thrilled to this Homecoming victory.

Sue Sheffy, crowned football Queen immediately preceding the game, and her attendants, were seated below the stands on a platform decorated in maroon and white.

In gay and flashy uniforms, the visiting high school bands added to the merry atmosphere of the day. They offered entertainment to the crowd by marching and playing peppy music before and during the game.

The Homecoming dance in Burton Gym, sponsored by the Student Senate, drew a large number of dancers and funmakers who joined in modern and old-fashioned dancing. The college swing band played. A college dance was also held at Cousins Hall ballroom and refreshments were served.

At midnight the activities of Homecoming 1945 came to a close and "a good time was had by all." Contributing much to the color and success of Homecoming was the presence of more than a dozen high school bands.

Whitefaces Gore Eagle Gridsters

Heavier Opponents Trample
Home Team in 67-0 Bout

Slashing and plunging their way over a much lighter, inexperienced Eagle team, the Hereford Whitefaces stampeded to a 67-0 win Friday night, November 2, on the Whiteface Field.

Canyon won the toss and chose to receive. McDuff took the kick-off on the 25-yard line and Canyon took over on their own 35. After making one first down the Eagles, unable to gain, were forced to kick. On the third down the Whitefaces swarmed over center for the first score of the game, 7-0.

An intercepted pass gave the Whitefaces their second marker a few minutes later, and running the punt back up the field, the Whitefaces pushed the score up to 21-0.

Late in the second quarter, Wright passed to Long for 20 yards, and White and Abbott after a succession of downs, crashed to the Whitefaces' 7 where they were stopped by the whistle at the half.

The Whitefaces took over after the half to score at will. The fighting Eagles struggled to the bitter end, but went down under the terrific tackling and blocking of their opponents.

In the final quarter, the Whitefaces scored three times, making the final score 67-0.

Starting Line-up

Left end, Long; right end, Burtz; left tackle, Mickey; right tackle, Davis; left guard, Wall; right guard, McDonald; center, Burrus; fullback, Wright; quarterback, Abbott; right half, McDuff; left half, Walters.

GOOD SPORTSMANSHIP

Yes, I know. You've read editorials, heard speeches, lectures, themes, and dozens of other things on good sportsmanship, but they still hold true.

Because you are the best player on a football team doesn't mean that you are the only one on the team. You may be one of the most important people in school but this doesn't give you a lease on other people's feelings. The way you conduct yourself among people is noticed by everyone. Be a good sport, don't slam other people because you can. Don't hog all the glory. There are plenty of people who are waiting to take your place and be just as good at it, too. Watch yourself in the future because you can be a good sport if you try.

APPRECIATE NEW NEIGHBORS

Have you seen our new neighbors, the Wilkinson's from Amarillo? They've bought Stroud's Grocery and are prepared to keep up the good service to our school that we have known in the past.

Let's treat our new neighbors right; don't throw things in front of their store that tend to clutter it up! You know that you like to go to a place that's clean! So let's help them keep their's that way.

Also, let's let them know how we appreciate the "juke" box that they have installed by listening and not trying to yell over the music.

Come on kids, let's give them a hand and appreciate our new neighbors.—By Cheri Kilchrist.

ASSEMBLY ACES

When you go into assembly, do you act civilized, or do you yell and act as though school were out? Assembly is a class, and you're supposed to conduct yourself as a pupil. Stamping your feet, yelling, and whistling may be all right when you are out of the school building, but it gets old in every assembly. There may be something important to announce, and those sitting under the balcony can't hear if those in front continue to be noisy.

Of course, when we have guest speakers or entertainers, they, more than likely, appreciate a hearty applause. When we have pep rallies, the cheer leaders expect loud yells and cheers. When we sing our school song or some other song, everybody is supposed to sing. Whether the program is a lecture, lecture, school matter, or anything else, conduct yourself in a befitting manner. There is a time for everything, so wait until the time for noise comes, and then scream, yell, and whistle to your heart's desire.

Mrs. Charles Robert Rockendough, formerly Martha Lee Foster, presented her drum corps card to Canyon High School. Along with Tommy Lou Ford, Martha Lee served as leader of the Drum Corps in 1941.

Hi kids! It's me on the beam and cooking with gas, bringing you hot tips from our corridors.

Hot off the griddle:

Seen going 'round and 'round are Wilbert Long and Mary Ann Parker; Frances Gooch and James Guthrie; Jo Ann Bullard and Rhea Stone; Dorothy Young and Clifford Prichard.

Note to Zonelle Gregg and C. L. Hood:

"Don't make love by the garden gate. Love is blind—but the neighbor's ain't."

Harold Martin seems to think Donna Erwin is a "blonde bundle of dynamite."

Claudine Beavers and Clyde Fewell seem to be doing all right for themselves, ditto, Jesse Pearl Harding and Billy Dugan.

Wonder how they do it? Jean Prater certainly gets around—not mentioning Donald Sterling, Harold Jay Prichard, or even that gallopin' nightmare of Canyon High, Charles Wright.

Song Dedications:

"Shoe Shoo Baby"—Malcolm Gunter (to all the girls).
"Happy Go Lucky"—Charline Davenport.
"Somebody Else is Taking My Place"—Billie Danner.
"I Couldn't Sleep a Wink Last Night"—Coffee Nerves.

That short, always smiling, James Rigby seems to be left out and replaced by that full of energy, Marvin Fite as far as a certain Geraldine Small is concerned.

Scatterings:

Confidentially, Mary Alice Brown was with a nice-looking chap, a few nights ago from down college way. . . . Dorothy Gafford has a flame, Charles Ray Kelso. . . . Have you noticed Wilma Schuette's sweet smile and pretty gray eyes. . . . "Precious things come in small packages." An example—Kathryn Furlow. . . . That Ruthart kid seems to click with the Hereford gals. Aye, Donnell?

Something besides talking has been going on between Teddy Howell and Bill Jones.

I hear Dwayne Currie gave Nelda Ruthart a bracelet.

This is Cal saying so long until next week and remember the greatest undeveloped territory lies under your hat.

Hangover Culminates Hallowe'en Carnival

Huh, teacher? Open my eyes and sit up! Okay, okay, but why we had to come to school today is beyond my knowledge. Yes, I know we are to pose for our annual pictures. Bet half of the kids' eyes are closed when he snaps that thing or if they aren't closed the bags under the eyes will really hang low.

Complaining? No, teacher, we wouldn't think of that. Hallowe'en just comes once a year and boy oh boy, those kids are just suffering from one of those very rare, but wonderful times.

Don't let me give you the impression that our teachers were in the best of moods either because they were heavy hearted due to the fact that some of them had to get out of their beds way after midnight to answer that ——— doorbell only to find it was a Hallowe'en prank probably played by these energetic school chilluns.

Now, we aren't saying that we rang the teachers doorbells, but we aren't going to say that we didn't either. We will just as the teachers, "weren't you a kid once?"

CHS Students Take More Math Courses

"Students have learned that math is necessary in almost all walks of life and therefore they are taking more and going deeper into math subjects. They are interested in it to the amount that the algebra II, an elective course, has increased in the last few years," stated Mrs. A. K. Knott, Canyon High School math teacher.

If the students of the plane geometry class could roll back the pages of time about 5,000 years, they would probably find the people of Egypt using the familiar geometric angles and figures which they study every day as they located land marks from the pyramids.

The Egyptians learned to use angles and figures to mark off their lands after the Nile River flooded and washed away their land marks.

There are 33 students taking plane geometry, 47 in algebra I and 22 in algebra II.

Several of the students are planning to be engineers, among these are James Rigby, Marvin Fite, and Bill Davis.

Mrs. Knott also stated, "About 90% of the algebra I class do work that is above average."

Grade Notes

Tommy Koontz withdrew from Mrs. T. W. Collins' first grade to go to Fort Wayne, Indiana, where his father is stationed.

Mrs. Orton's first grade had a Hallowe'en party, Wednesday, October 31st. After playing several games with jack-o-lanterns, a witch brought each of the children a box of candy which they ate as refreshments.

Leroy Correy of Mrs. Orton's class moved to Sayre, Oklahoma.

Dixie Moats is a new student from Happy in Mrs. A. K. Goodman's room.

Mrs. A. K. Goodman wishes to express her appreciation to the many mothers who co-operated so willingly with her on the White Elephant booth.

Mrs. Stewart's music classes are working on songs for their Indian and Thanksgiving programs.

Nancy Bolton has been absent from Mrs. Cousins' classes because of illness.

Norman Tueck has missed school a week because of a badly injured foot.

LaRue Davis was elected president of Mrs. Jones' fifth grade in class meetings last week. Other officers elected were: vice-president, Kenneth Caskey; secretary, Barbara Glanton; treasurer, Geraldine Pope; program chairman, Doris Keller; and news reporter, Barbara Glanton.

Barbara Ann Winters from Amarillo is a new pupil in Mrs. Brasher's fourth grade.

The third grade, under the direction of Mrs. Mary P. Gillispie, is making Pilgrim hats and collars and Indian costumes for their Thanksgiving programs. They are also having a special study of modern food, clothing, and shelter.

For Thanksgiving the third grade, taught by Mrs. Gillispie, is giving a Thanksgiving play, followed by a dinner for which each child will bring a covered dish. The room mothers of the class will help organize the dinner plans.

As a special project, Mrs. John Davis' classes are making friezes of American explorers which they are studying.

Blues Are Leading Juniors' Campaign

Having sold \$360.00, the Blue side is in the lead, headed by Betty Ann Miller. Bill Davis is captain of the Red side which has sold \$280.00.

Dorothy Gafford is top salesman of the Red side, selling \$112.50. Frances Gooch, top salesman of the Blue side, has sold \$41.50.

As yet, no one has drawn the Jack Pot, and if it isn't drawn Wednesday, the money will remain in the class treasury.

Miss Kathryn Davies, junior class sponsor, said, "The junior class is still desperately soliciting subscriptions for magazines. The sale ends Wednesday, November 7. We hope the community will continue to co-operate."

Dig in there juniors, because the top salesman receives a Bulova watch.

Observing in the homemaking classes is Janice Leggett, student teacher from West Texas State College, whose home is in Wellington. She will later teach the fourth period class.

Thomas L. Devin, vocational agriculture teacher, and Miss Margaret M. Nicholas were united in marriage October 27, at 2:00 o'clock p. m. in the Methodist Church. The ceremony being performed by Rev. C. C. Armstrong.

Instructor Heads Speech Activity

MRS. P. S. MERCHANT

Mrs. Polly Merchant, speech teacher, served as superintendent of Schools in Channing, Texas, for the past three years before coming to Canyon High School.

Being a prominent citizen of the Panhandle, she has lived in this vicinity most of her life and graduated from the Panhandle High School as valedictorian of her class. While in high school, Mrs. Merchant played as guard on the girls' basketball team and tied for State Championship in tennis, which is her favorite sport.

While attending West Texas State College, where she received both her B. S. and M. A. degrees, Mrs. Merchant was prominent in all phases of student activity. She played a leading part in the first play staged at W. T. S. C. and she also served as junior editor on the college annual. She was a member of the Girls' Literary Society and of the Student Congress.

Mrs. Merchant was the first president of the Young Women's Christian Association and was sent to Fort Worth and Estes Park as delegate of this organization. Each of her daughters has served as president of the Y. W. C. A., also. Her only son is a Lieutenant Commander in the Naval Air Corps.

Her hobby of visiting and sending cards to invalids and elderly people characterizes Mrs. Merchant.

Sl-c Royce (Cotton) Boyce arrived in Canyon Sunday on a twelve day leave from Treasure Island, California.

E. I. Boyce, Jr., received his discharge from the army and is home after five years in the service.

Jack McBroom and Bruce Albers, former students of Canyon High, passed their physicals and will report to the army as soon as they are called.

Captain Fred Hart, 1936 graduate of Canyon High, was home on a fifteen day leave, but has now returned to his camp in Florida.

E. M. 2-c Cap E. Wall, 1924 graduate of Canyon High, received his discharge after serving 27 months overseas.

Sgt. Roy Joe Stevens received his discharge from the army and is at home in Canyon after serving almost three years in the army.

Joe Verne Hales, graduate of 1940, recently discharged from the Army Air Corps, is now home.

Glen Persons, graduate of 1939, received his discharge from the National Guard and is now at home after serving approximately five years in the army.

John R. Pool, a former student and teacher of Canyon High, received his discharge from the army and is home after serving two years in the army.

Lt. Bryce Payne, graduate of 1942, received his discharge Tuesday after serving approximately three years in the army.

Serious Sadies Snag Eligible Lil Abners

Are all you gals ready to snag you a boy friend for Sadie Hawkins Week? Gee, don't the girls wish it lasted more than a week? These boys around here are so bashful (or maybe it's something else) that they won't even ask a girl for a date. After some of the hints the girls throw at them, they should get up enough nerve some day.

Well since the boys won't do it, this week the girls can. Here are some rules to go by, and be sure that they are followed:

1. Girls are not allowed to use anything over 700 pounds with which to hit a boy.

2. The cowgirls cannot use over a 300 foot lariat rope.

3. In using the "chain and ball" method, the chain and ball combined can't weigh over 2,100 pounds or under. Oh well, just according to how bad you want to go with him.

Girls are not allowed to go with more than one boy in one night.

5. Girls cannot tackle the same boy more than 555 times.

6. Girls can't keep boys locked up more than 24 hours. Advice: Just ask the dream boy 24 hours before the happy event comes. Don't let him have anything sharp and don't let him eat much so he'll be nice and weak.

7. Football boys are not allowed to use all the strength they use when they play football.

8. Boys are not allowed to turn a girl down.

9. Girls shouldn't make a boy suffer too much and shouldn't ask the same boy twice.

10. Girls, be careful with the dainty boys and have them at home by 19:45 p. m.

The boys and girls are changing places this week and here is what the boys are saying:

"Oh, Mother, please let me go with Mary Friday night, I'll promise to be in by 10:45!"

"Oh, I wish I could find a different way to fix my hair."

"Now where did my big sister put that face cream?"

"I have just got to wash and fix my hair, polish my finger nails, and press the pants I'm going to wear tomorrow."

"Oh, I washed my hair last night and it won't do a thing today!"

"Are my cheeks rosy enough, is my nose shiny, and do you think that my eyebrows need plucking?"

"Does this color of socks clash with the color of my pants?"

Girls are questioning:
"Wonder where that hair oil is?"
"Suppose Dad will let me have the car tonight?"
"Do I have to shave this morning?"

Wouldn't we be cute if we DID change places?

Sadie Hawkins week for Canyon High School has officially been set for November 10 through November 17. So come on let's mix-up good and proper (for a change).

Students Present SFC Candidates

In a called assembly held Tuesday, October 30, at 12:50, Tommie J. Cole, principal, introduced the candidates for offices of the Student Faculty Congress as nominated in a meeting held Monday, October 29.

Opening the house for nominations from the floor, Mr. Cole recognized Charles Wright who nominated Malcolm Gunter for president. Jessie Pearl Harding nominated Ruth Prichard for vice-president.

Campaign managers for each candidate were then introduced, with Cheri Kilchrist leading by speaking in behalf of Geraldine Small. Following Cheri, Wilbert Long spoke for Bill Davis. Ending the speeches for vice-president candidates was Jessie Pearl Harding speaking for Ruth Prichard.

Betty Ann Miller and James Rigby talked for Ray McDonald and James Guthrie, respectively. Charles Wright and his assistant, Clifford Burtz concluded the speeches by speaking in behalf of Malcolm Gunter.

Wednesday, November 7, students will cast votes for these offices. Upon closing, the assembly sang, the school song.

Drum Corps Lists First in Contest

At West Texas State College football field, Saturday, November 3, bands from different towns entered a Band Marching Contest.

Those ranking in first division were Canyon High Drum Corps, Amarillo High School, Sam Houston Junior High School, Dalhart High, Hereford, Lamesa, Pampa, Clarendon, and Tucumcari, New Mexico.

White Deer and Perryton high schools ranked in the second division. Phillips High School and Kellerville grade school bands were present but failed to place.

Miss Anne Wofford is taking the place of Mrs. Marjorie R. Hendrie indefinitely while Mrs. Hendrie is absent because of the return home of her husband.

Bufs Winners Over Dalhart

Blocked on Ground, College Men Take to Air With Success

With a fine regard for the traditions and demands of the occasion, the Buffaloes won their Homecoming Day game with Dalhart Army Air Field Saturday.

21 to 0, before more than 4,000 persons.
Scoring by periods:
West Texas 0 14 0 7—21
The heavier visitors held off the Buffs in the first and third quarters and made a few mild threats themselves. But after a slow start, the West Texans took to the air and scored twice in a few minutes of the second quarter. The first counter came on a pass to Don Leach, end, who made a nice catch and loped across the goal. The play covered 26 yards. Captain Hoss Bledsoe kicked the extra point.

Bledsoe was hurt a few minutes later, and his duties were taken over by Billy Greenfield. The latter grabbed in another of Hunter's passes and made the last eight yards for the second score.

A Slow Start
Penalties and other setbacks stalled the Buffs until near the end of the second half. Greenfield shot a long pass to Leach, who caught it going away and galloped 26 yards on the play, which traveled 60 yards in all. Kenneth Glasgow place-kicked the added point.

Thus ended a losing streak which had lasted through five games. And, unless Coach Gus Miller can find another opponent right away, it was the last home game. The Buffs will play Colorado College in Colorado Springs on November 17.

West Texas State won the statistical battle Saturday, making 11 first downs to three and gaining 355 yards to 110. They added 199 yards by passing, while the also air-minded Dominators were making 39. In the large audience were many former students, some in uniform and some recently discharged. On the east side of the field were thirteen bands which paraded for two hours in their colorful marching competition.

A Win for a Queen
Just before the kickoff, Capt. Hoss Bledsoe crowned the football queen, Miss Sue Sheffy of Dimmitt, who with her attendants—Nadyne Coker, Norma Lee Coker, Sue True-love, and Mollie Nann Ziegler—were escorted to a special platform from which they saw the game.

Starting line-ups:
West Texas State—Left end, L. Johnson; left tackle, Browder; left guard, Lyons; center, Shaver; right guard, Lynch; right tackle, Terry; right end, Leach; quarterback, Bledsoe; left halfback, Hunter; right halfback, Greenfield; fullback, Glasgow.

Dalhart AAF—Left end, Wright; left tackle, Burke; left guard, Rawlings; center, Blackwood; right guard, Eisenhauer; right tackle, Kerr; right end, Brown; quarterback, Horne; left halfback, Pollock; right halfback, Marsh; fullback, Hefner.

Condon, Phillips Represent Local Methodist Church

Conference-bound, Dr. S. H. Condon, head of the government department, and Professor Frank R. Phillips, head of the agriculture department, will leave for Abilene Thursday to attend the annual Methodist meeting for Northwest Texas.

Dr. Condon is a member of the educational board, which furnishes money for Methodist student activities here on the campus. Secretary-manager of the Methodist encampment located in Palo Duro Canyon, Prof. Phillips serves as member of the camp ground board. Rev. C. C. Armstrong will give a report on the local church.

Buff Cagers In Workouts

Appearance in Kansas City Tourney High In W. T. Schedule

A basketball schedule which includes an appearance in a series of double-headers in the 1946 National Intercollegiate Tournament at Kansas City is being arranged by Coach W. A. (Gus) Miller of West Texas State.

The Kansas City games will be played on December 21 and 22. Previously, the Buffaloes will have met the Hardin-Simmons Cowboys in Abilene on Dec. 7 and 8 and the Sky Giants of Amarillo Army Air Field in Amarillo and Canyon on December 14 and 15.

The Buffs, famed in pre-war years as the "World's Tallest Basketball Team," also may play in the Oklahoma City tournament on December 28 and 29. Many of their later games will be with member teams of the Border Conference.

Coach Miller will build the 1945-'46 cage team not around one of his tall Texans, but about the 5 foot 9 inch frame of his All-American guard, J. W. Malone of Stratford. Another regular is Don Leach of Wellington, 6 foot 4 inch center. And from the Army Air Forces comes Lieut. Borden Price of Springlake, former letterman guard back in 1940. Price was picked up from the Pacific 40 miles off the coast of Japan last June by a U. S. submarine after he was forced to bail out of a crippled B-29 airplane. Most of the other Buff cagers are talented young freshmen.

The Kansas City tournament is managed by E. S. Liston, athletic director at Baker University, Baldwin, Kansas. Coach Miller is a director of the National Association of Intercollegiate Basketball sponsor of the tournament.

Sadie Hawkins To Prevail at West Texas This Week

"Hey, wait for me—I'm comin' fast as ever my feet al' carry me," cries Daisy Mae. This time she means it.

The annual Sadie Hawkins Week began Monday and will continue through the week. Dogpatch's well-known chase was substituted with tags for Daisy Maes to pin on their Lil' Abners.

This week, girls will take the boys out, buy cokes and movie tickets. As a climax, Pi Omega sorority will sponsor a dance Friday night in Cousins Hall's ballroom. The sorority asks everyone to wear the newest clothes styled in Dogpatch this year and to come stag, hag, or drag. The dance will begin at 7 o'clock and last until 11.

HILL IMPLEMENT COMPANY

FOR FARM LINES...

TELEPHONE WIRE THAT'S TOUGH!

High-strength steel wire—so strong that one strand will lift over half a ton without breaking—is one way farm telephone service will be made better and easier to get.

Telephone engineers began using this tough telephone wire on rural lines even before the war. Distances between poles, due to its greater strength, jumped from 250 feet or less to as much as 450. The resulting fewer poles meant lower construction costs. Sleet storms—perennial enemy of farm telephone lines—did far less damage, and maintenance expense dwindled.

Better construction is only one of the plans telephone engineers have for better farm telephone service. Talking over electric power lines, a new development now undergoing actual field tests, is another; radiotelephones for remote places, a third. The Bell Telephone System is making every effort to bring you the best rural telephone service possible.
